CV. Devina "WOODEN HOUSE FACTORY" is one of the Manufacturers that produces Wooden House Prefab and Furniture. Founded in 1996, we are located in Bali for showroom and Factory.

Building on a tradition that began with the handcrafted furniture and Prefab house , our woodworkers combine a reverence for handwork with the progressive use of modern thinking, tools, and technology.

Until now since 1996 we already become manufacture for many furniture and Prefab House / Gazebo's customer around the world. Expanding our capabilities to produce multiple line of furniture using teak wood with almost than 1000 models of design.

Hand to hand with our raw material supplier, we produce our handmade furniture in high quality. We thank each and every customer who has purchased furniture from us.

As we expand our business to the internet, we look forward to meeting the needs of many more customers, business to business, end user who want furniture with reasonable price. If you are interested in any of our fine products, either as a customer or reseller, or you would like to receive further information, please e-mail us at info@devinashop.com {zoomcatcatid=1 }
